

Going on a Bear Hunt

You're going on a research hunt for bear facts. Decide if you want to research one of the eight species of real bears or one of your favorite bear characters. Find the information the bear at right is asking for, using an additional piece of paper where necessary, then write a report using that information.

Real Bears: Asiatic Black Bears, American Black Bears, Brown Bears, Giant Panda, Polar Bears, Sloth Bears, Spectacled Bears, Sun Bears

Imaginary Bears: Paddington, Winnie-the-Pooh, the Berenstain Bears, Little Bear, Fozzie Bear, Bear in the Big Blue House
